< Jonathan Smithies />

Junior Web Developer

{ Profile }

I am capable, determined and a fast learner. I love the magic of writing code and seeing it transformed into something visual and tangibly accessible.

I believe I have the skills, ambition and enthusiasm to learn, grow and thrive as a dedicated and successful web developer.

I am keen to pursue a full stack role using JavaScript and PHP, React and Laravel.

{ Skills }

JavaScript	React	Redux
PHP	MySQL	Laravel
HTML5	CSS	SCSS
Wordpress	Git	Gulp
Photoshop	VS Code	Postman
Bootstrap	Dev Tools	GitHub

< Jonathan Smithies />

Junior Web Developer

{ Experience }

Elev8 - Self employed

April 2018 - September 2019

Started my own business - creating Squarespace and Wordpress websites, digital consulting, and implementing and integrating online booking systems.

Planyo Experts Associate

Spring 2017 - June 2019

Configured dozens of online booking systems for international clients using Planyo. Project management, training clients, self-taught HTML, CSS and Bootstrap.

The Milestone Detox - Digital Consultant

Spring 2017 - July 2018

Digital systems management and business automation using online tools, primarily to reduce manual systems and accelerate business growth. Clickfunnels digital marketing and funnel building. Building and maintaining websites in Squarespace.
